

Date

Monday 16 July 2007

Title of session

Workshop 2 - Models for Geospatial Rights Management

Name of presenter/chair

Chair: Graham Vowles, Principal Consultant, Ordnance Survey, GB

Presenter: Caroline Wilson, Lecturer, University of Southampton, UK

Rapporteurs

Colin Henderson, Ordnance Survey and Selena Patton, Defence Geographic Centre

Presentation title: Legal Aspects of Creative Commons

Creative Commons arose originally from a failed challenge in the United States of America in 2003. The basis of the license is to provide three models that describes the same license; human readable, lawyer readable and machine readable.
